Subject: Safe levels of glyphosate
Date: Wednesday, June 21, 2017 10:56:24 AM

Hello,

I am a registered voter in CA and want to voice my concerns regarding glyphosate. It is a deadly toxin, there are no safe levels of it, and it should not be used in our communities. Please do not allow the continued poisoning of our state and families through the sales and use of this extremely destructive and poisonous chemical.

Thank you,

MK Cargill
Mission Viejo, CA
